

## AEROWORKS ULTIMATE

DLE 35RA new, never been fueled  
Muffler with extensions  
Rudder servo HS 645MG  
Aileron servos HS 645MG (4)  
Elevator servos HS 645MG (2)  
Throttle HS645MG  
JR 921 receiver DSM2/DSMX compatible  
Opto gasoline engine kill switch  
Receiver battery 2S 3,000 mah LiFe  
Ignition battery 4cell NiMh 4,500 mah  
Pilot bust  
Instrument panel  
Aluminum spinner  
Prop  
Ball link control fittings

The plane has never been flown and the engine has never been run. I hate to sell this plane and my Wagstaff Extra but I need to clear some working space. I will offer the plane to club members first and then list it on RCG and Craig's List. I'm asking \$600 OBO. If you are interested, contact Bill Law at (360) 332-8822 or [kodi7@comcast.net](mailto:kodi7@comcast.net).
